Description

Cranchi E 52S 2017

EU VAT Paid | Excellent Condition | Always Privately Used

A very well-kept example of one of Cranchi's most successful and attractive models, this E 52S combines sporty lines, elegant styling, and a practical three-cabin layout in a very balanced package. Offered with EU VAT paid status, she presents as a yacht that has been properly maintained and carefully looked after.

Engine Hours & Maintenance

The yacht has 730 engine hours and has always been privately used. In 2026, she underwent annual maintenance on her Volvo Penta engines and drives by an authorised Volvo Penta dealer, including engine service, drive service, replacement of oils, filters, impeller kits, anodes, coolant, and related service items.

The Kohler generator has also undergone extensive maintenance, including annual service, injector inspection, high-pressure fuel pump repair, compression test, seawater pump, electric fuel pump, filters, impeller kit, belt, zinc anode, coolant, gaskets, O-rings, and related parts.

She was dry-docked during the winter of 2026. Recent works and upgrades also include new anodes, new antifouling, a new Mastervolt battery charger in 2026, new engine heat exchangers in 2026, and brand-new forward and cockpit cushions in 2025.

Overall, she presents as a well-maintained, privately used yacht with recent mechanical and technical works completed, offering added confidence to her next owner.

Interior

The main deck is bright, modern, and welcoming, with a spacious saloon designed for both comfort and practicality. The interior includes a U-shaped sofa with a folding dining table, convertible into a double bed, an additional two-seater sofa, and an electrically operated roof that enhances natural light and ventilation throughout the living area.

The aft galley arrangement, together with the opening connection to the cockpit, creates a pleasant and sociable onboard atmosphere.

The galley is well equipped with a 4-zone ceramic hob, oven, fridge/freezer, stainless-steel sink, generous storage, and a washing machine, making the yacht particularly suitable for longer stays on board.

Accommodation

The accommodation layout is both comfortable and versatile. The full-beam owner’s stateroom amidships offers excellent volume, ample storage, a make-up table with mirror, and en suite facilities.

Forward, the VIP cabin features a large double bed, good storage, and en suite access. The starboard guest cabin is arranged with two single beds, electrically convertible into a double bed, allowing flexibility depending on guest requirements.

There is also a separate crew cabin with a single berth and en suite facilities.

Exterior Areas

The outdoor spaces are very well arranged for relaxation and day use. The aft cockpit features cockpit cushions, aft sunbathing cushions, a teak dining table, and a comfortable seating area, creating an inviting setup for al fresco living.

The yacht is also fitted with an electro-hydraulic transom platform, hydraulic gangway, underwater lights, bathing ladder, cockpit shower, and electric winches, all of which add practicality and comfort.

Forward, the foredeck offers additional sunbathing and seating cushions, newly fitted in 2025, while the upper exterior helm area includes a navigation station, sunbathing cushions, and a white Bimini top.
