Description

Fountaine Pajot Astrea 42 2020

This 2020 Fountaine Pajot Astrea 42 combines spacious accommodation with a comprehensive cruising inventory. Featuring the Quatuor layout, she offers four double cabins and four heads with showers, providing comfort and privacy for family and guests. A convertible saloon and two single forepeak berths bring the total sleeping capacity to 12.

Powered by twin Volvo Penta D2-50F 50 HP diesel engines, she benefits from both saildrives and both propellers having been replaced in 2026. Further updates include service batteries renewed in 2024, four electric toilets and anchor chain renewed in 2025, and an electric anchor windlass replaced in September 2026.

Her equipment includes a Fischer Panda generator, five Thermowell air-conditioning units, an Osmosea watermaker producing approximately 250 litres per hour and a Victron inverter. Three refrigeration units, a gas stove and oven, cabin fans and USB charging in all cabins support comfortable stays aboard.

The cockpit and lounge deck provide welcoming spaces for relaxing and entertaining, complemented by cushions, a cockpit table, a refrigerator and a Fusion Bluetooth audio system. Garmin navigation equipment, an electric winch and a 3.10-metre dinghy with a Yamaha 6 HP outboard complete her cruising package.

Specifications
