## Description

Sporting a white hull with twin KAD 300 VOLVO Penta engines, new upholstery—a sofa layout in the cockpit, and everything in teak colour. Her engines have been overhauled and the stern drives have been revised. This boat is in very good condition. Price dropped! The layout of the V42 model is designed for enjoyment on the water. The cockpit typically includes a U-shaped sofa with a table, wet bar and aft sunbed which can lift up to reveal a dinghy garage—a practical touch for a boat of this size. Below deck, the V42 offers two cabins: a forward master with an en-suite bathroom and a mid-cabin aft with access to washing facilities. The saloon features a seating area, a compact galley, and a cocktail bar, all finished with high-quality materials like teak or oak. In regard to its performance, the 2004 V42 is praised for its handling and ride quality thanks to its deep-V hull and responsive stern drives. Reviews from the era, such as those from Powerboat and RIB Magazine, highlight its robust build and offshore capability, noting that the KAD300-powered versions strike a sweet spot between speed, economy (around 2 mpg at 25 knots), and mechanical simplicity.
