Description

Founded in 2008, and ever since, Greenline has been pushing the boundaries of green-energy in the field of yachting, with the proof visible through the various boat models it offers. Among those, is the Greenline 45 Coupe. Boasting the latest 6G Hybrid system, the 45 Coupe has earned numerous accolades for its innovative design, sustainability, and performance, solidifying its position as a standout in its class. With solar and hybrid power options, this yacht is engineered to maximize energy efficiency and independence. Its all-new design, refined in recent years, ensures exceptional planning, effortless handling and a smooth, comfortable sailing experience, even in challenging sea conditions. Whether you're seeking eco-conscious cruising or luxurious performance, the Greenline 45 Coupe delivers the perfect balance.
