**Description**

This 2008 Technohull 777 SeaCode is a 7.85-meter RIB designed for performance and reliability. With a 2.34-meter beam, it accommodates up to 8 passengers, offering ergonomic seating and ample storage for day trips. Its Fibreglass deep-V hull with ventilated steps ensures smooth handling and efficiency, powered by a 300 HP Mercury Verado engine, with a top speed of ~55 knots, which is capable of delivering exceptional performance with exhilarating acceleration and reliable handling in various weather conditions. This, together with the SeaCode 777's robust design and Dynastream hull technology, allows for navigating choppy waters and strong winds with confidence. Well-maintained and ready for adventure, this vessel balances real speed, with safety, and with comfort on the water.
