Description

Four Winns - V278 (2008) This V278 is currently among the, if not the most well-preserved 2008 model with the most extra specifications and features that one could possibly ask to find on the market. The inboard shaft-drive Volvo Penta engine has had its plastic stock shaft replaced and upgraded to a metal one making it a durable one-of-a-kind. Her upholstery is from real leather. With ~1100 hours on the reader, but with running hours actually only at about 350, she is well-maintained with check-ups and services, with her most recent maintenance check having been performed just this February, 2026! She also comes with a licensed axle trailer, has searchlights on the bow, an electric winch, and comes with a tender and outboard engine.
