Description

Introducing the stunning 2025 Technohull 38GS, a remarkable walkaround boat that embodies both performance and elegance. With an overall length of 11.11 meters, this vessel is crafted from durable fiberglass, ensuring longevity and resilience on the water. Powered by two powerful Mercury 400R V10 outboard engines, each delivering an impressive 400 horsepower, the 38GS promises exhilarating speed and agility. The innovative direct drive system enhances maneuverability, making it a joy to navigate. Equipped with an electric windlass, this boat simplifies anchoring, allowing for effortless transitions between exploration and relaxation. The thoughtfully designed accommodation includes a well-appointed head, ensuring comfort during your journeys. Whether you're cruising along the coast or enjoying a day on the water, the Technohull 38GS is a perfect blend of style and functionality, ready to elevate your boating experience.
