Description

Grand Soleil 43 (2005)

The Grand Soleil 43 (**J&J, 2004–2005**) is a **fast Italian performance cruiser** with a **low wetted surface** (reducing hydrodynamic drag), a powerful rig, a **lead T-bulb keel** to help reduce the center of gravity, and a **deep rudder for excellent upwind/downwind handling**.

Cantiere del Pardo's Grand Soleil has a history of changing designers per model/era to stay current. Slovenian based J&J Design, by brothers Japlec and Jernej Jakopin handled the late-1990s/early-2000s performance cruisers, and designed the Grand Soleil 43 model in the years 2004-2005. To this day the J&J 43 remains distinct for its **balanced racer-cruiser traits** from that period.

She has a Yanmar 55 hp diesel engine for motorsailing, teak decks and cockpit sole. 3-cabin layout, easy short-handed sailing. Light yet stiff, with strong resale and steady demand among European owners seeking speed without sacrificing comfort.

Specifications:

Builder

Manufacturer: **Grand Soleil**
Model: **43**
Year: **2005**
Hull Material: **Fiberglass**
Type: **Racers and Cruisers, Cruisers, Daysailers**
Designer Name: **J & J Design (SLO)**
