Description

The best 2006 Fairline 50 Phantom in the market- the best-kept, and the most well-equipped that one will find in the market today. Presented and offered by Octana Yacht Services .

This vessel is a remarkable example of the years when shipyards presented rare, awesome boats with great construction, superior design and unbelievable sailing. The hull of these boats promises a planning experience and unbelievable stability even in rough waters, thanks to the strength of the whole construction.

The interior design and comfort of a saloon with a galley shared in the same compartment, together with the cockpit area makes for such a comfortable and cozy experience, and the 3 cabins and 2 bathrooms are huge for her size and with all new equipment installed.

A great advantage of this vessel is her low engine hours which you are unlikely to find anywhere else in the boat market right now, in combination with offering easy cruising speeds and economy on fuel consumption.
