Description

Axopar 28 T-Top 2020

A well-maintained example of the Axopar 28 T-Top, based in Corfu, Greece.

Purchased by the current owner in January 2024 with approximately 140 engine hours, the boat has now accumulated around 800 hours over three seasons. She runs very well and has proved reliable, economical and capable in a range of sea conditions.

At a cruising speed of approximately 27 knots, fuel consumption is around 43–45 litres per hour. The Axopar hull offers a comfortable and confident ride, making the boat suitable for private day use or commercial charter.

Equipment and features

- Twin Mercury 200 V6 outboard engines
- Bow thruster
- Joystick control
- Large Garmin GPS/plotter display
- VHF with a dedicated battery
- Stern anchor
- Greek commercial registration
- 10 m trailer included in the sale

Service history

All engine servicing since new has been carried out by the same Mercury dealer, who supplied and installed the engines and completed the boat's initial setup.

In April 2026, both engine trim units were replaced at a cost of approximately €6,000.

Trailer

The 10 m trailer is included in the sale. It has been used exclusively within the marina to launch and recover the boat.
